

## Feedback form – ENGINE OF THE NORTH PROPOSALS ONLY

### A SEPARATE FEEDBACK FORM IS AVAILABLE FOR COMMENTS ON THE BLOOR/GALLIFORD TRY AREAS OF THE SITE

We would like to know what you think of the proposals. To have your say, please complete the feedback form below and post it in the box provided. Alternatively, you can return the form for free to *Freepost RTUT ZUCZ HLSY, Public Consultation, PO Box 857, LEEDS, LS1 9QZ* or email [scott.royal@engineofthenorth.co.uk](mailto:scott.royal@engineofthenorth.co.uk). You can also comment online on the 'Current Consultation' page at [www.engineofthenorth.co.uk](http://www.engineofthenorth.co.uk).

<b>Name</b>	
<b>Address</b>	
<b>Tel/email</b>	

Please tick here to confirm you are over the age of 16

Please tick here if you give your consent for us to contact you regarding the project

What do you like about the proposals?

Is there anything you would change?

**PLEASE TURN OVER**

Do you have any general comments about the proposals?

**Privacy policy:**

*The data you provide is being collected by Engine of the North for the purpose of this public consultation. You do not have to provide any personal data to comment on the proposal. Any personal data that you do provide will be processed only to enable us to analyse the opinions of those who respond to the consultation. We will not publish or share your personal data with any third parties and we will only contact you regarding this project. A copy of the comments that you make regarding the proposal will be provided to the local planning authority as part of the planning application process so that it can note the comments made, but no personal data will be shared. Any comments that are published within the Statement of Community Involvement submitted with the planning application will be redacted where necessary. Your personal data will be stored securely for the life of the project i.e. the development is complete or a decision is made not to go ahead with the development. You have the right to access, amend, object or remove the data we hold at any time.*
